

SOLAR LED LAMP

P207OUT002

Practical orientation light for garden and balcony including ground spike. The lamp turns on automatically in the dark and turns off in daylight, thanks to the energy that comes from sunlight.

The spike allows the lamp to be fixed to the ground anywhere in the garden, next to flowerbeds or along paths. 3 selectable modes: white light, OFF, colored light. Plastic and stainless steel body, glass solar panel. Charging time: 4-6 hours. Autonomy: 6-8 hours. Ni -Mh battery 100mA . Diameter: 7.5cm; total height with spike: 56 cm. IP44" protection
