

THERMAL PILLOW WITH CHERRY PITS

C302AAC001

A thermal pillow with cherry stones for a natural remedy against cramps and muscle tension.

The pillow, covered in cotton and divided into four sections, allows equal distribution of heat for an even warming effect on the body. After being heated in the microwave, the cherry stone content releases heat to relieve pain and muscle stiffness. Quick and easy to use, with removable cotton cover for washing.

Hot use: place the cushion inside the microwave oven and heat at 800W for about 30 seconds; adjust the heating times according to the different types of microwave; reheat to the desired temperature and place on the body surface

Cold use: place the cushion inside the refrigerator or freezer for about 30 to 45 minutes; remove and place on

the desired body area
