

BUFFET FOOD WARMER

P101TEM002

Buffet food warmer to keep food warm without worrying about the risk of burning it. Ideal for family gatherings and personal celebrations, formal events and parties. Two removable 2.4 litre and two 1.1 litre steel trays allow you to serve several meals separately. Transparent lids keep meals on display. By removing the trays, the base transforms into a large hotplate for keeping food hot directly from pots and plates. Heat-insulating handles make it easy to carry the food warmer anywhere. Equipped with a thermostat to adjust temperatures and operating light. The trays and lids are dishwasher-safe.

BUFFET FOOD WARMER
